Jack is a new herdsire that has tremendous growth and carcass data. He is going to add length and frame, while maintaining a long sound stride and hard foot. 300 TSI and 877 WW off of cow. Super quiet to be around as a bonus.

This heifer is coming out of our pen of 3 heifers from the NWSS in Denver. This heifer has a great future in the show ring as well as a huge breeding upside being a outcross to many of the popular show and production sires. Great attitude for any age of showman.

Thank You
for coming to Kearney!

This heifer was an alternate for our pen of 3 at the NWSS in Denver and would have definitely made the ring if she was not quite a bit younger than the group. This heifer has one of the best looking cows on the place that goes back to the 501 donor that had produced several champions in the past. Great haired heifer with a sweet attitude.
